Tel : 81 (42) 642-1701

object: *request for proposals*

Dear Accretech Powertro System Co,

I hope this email finds you well. My name is Hevesi Zétény and I am reaching out on behalf of ESMC. We are a leading chip manufacturing company, and we are seeking proposals from experienced vendors for the procurement of advanced semiconductor manufacturing equipment. See in the listing.

Naming	properties	uni
AD3000TW	Maximum work size: Φ300 mm, □315 mm ; Handling method: Frame-handling spindles	15
AltaProv	capable of simultaneously measuring on 12 stages with dedicate XY stage and POGO tower	15
PG3000RMII	Enables high throughput (20 WPH @ 25 um), Supports gettering function for memory device	15
HRG3000RM Ⅱ	Less-damage Grinding with Shorter Process Time, Low processing cost	15
ChaMP332	Simple Maintenance for Polishing Heads	15
W-GM-5200	Machine specification ready for 300 mm wafer	15
C-RW Series	Automatic demounting of wafers from the slicing base, cleaning and storing into the cassette	15

The listing includes all specifications of the equipment, and we would appreciate information regarding the warranty program

Best regards,

Sömmerarda, 2024.12.10

Hevesi Zétény
CEO
